

Kindergarten News from Miss Bower's Class January 31, 2014

Our Week!

Tomorrow cannot be February 1st already!!! It's so hard to believe! This week we spent time researching which animals migrate during the winter time. We learned that not all birds fly to a warmer place...some stay here and adapt and change. The kiddos got to choose where they would migrate for the winter if they had to...many chose Disney World! ☺

This week, we have revisited the classroom routines and expectations. It is that time of year! I think we have been cooped up inside for way too long! We reviewed following directions, treating others kindly, problem solving and challenging ourselves to slow down and do our best. We will be working hard next week to earn stamps in our passports for positive behaviors! Please talk to your child about these things at home! Have a great weekend! ☺

Valentine's Day

On February, 14th we will be celebrating Valentine's Day with a short party. If your child would like to pass out valentines to their friends they may do so as long as they have one for **each child**. 😊
