Our Week!

We spent more time talking about the fall season and how leaves grow and change throughout the four seasons. We will be doing different activities involving leaves next week!

In math, we have been developing strategies for counting accurately and keeping track of quantities, using pictures and numbers. We continue to work on number formation and recognizing numbers!

In writing we had another celebration! This time we celebrated the work we have done in writing true stories from our own lives. The kids have been working really hard and I am proud of their accomplishments! We continue to work hard at using our knowledge of letters and sounds to help us when we write!

Homework

Go on a leaf
hunt!

Search your yard or other places for two or three leaves that have changed colors. Bring them in for us to use for a math activity!
