## Our Week!

We had a very busy week! The fire trucks came to visit on Tuesday and we learned a lot from Fireman Mike! He showed us all of the neat things they keep on the truck and we even got to take a look inside! In math, we learned about inventories and will continue this next week. We continue to work on number formation and using strategies to help us count accurately.

We had fun with our 6<sup>th</sup> grade buddies and completed a cool, math activity with the leaves we found on our leaf hunt! We also began to learn about pumpkins and how they grow and change. We explored and reviewed the concept of a cycle by discussing the pumpkin's life cycle. We will do more with pumpkins next week!

## Halloween

On the morning of Thursday, October 31<sup>st</sup>, the school celebrates Halloween with a Kindergarten Costume Parade around the school. The parade will begin at 8:50. Families are welcome to come watch us! Families will be asked to wait at the security desk and will need to stay in that area or in the hallway near the lunch room to watch the classes pass. Security requests that parents not follow the classes back to the classrooms. If you signed up to bring in a snack for our party, I will send a reminder home next week! We will do fun, Halloween centers on Wednesday due to the shortened day on Thursday.
