Our Week!

What a week! We learned all about butterflies and how they grow and change. We even got to watch a video of the monarch butterfly life cycle! The kids were fascinated! 😊

Wednesday was our trip to the Strong Museum of Play. As part of the "Let's Move!" theme day the students got a workout as they visited a variety of heart-healthy stations in the museum and learned how to develop healthy habits for the summer ahead! They played miniature golf, did yoga for kids, planned a healthy menu, and just PLAYED!

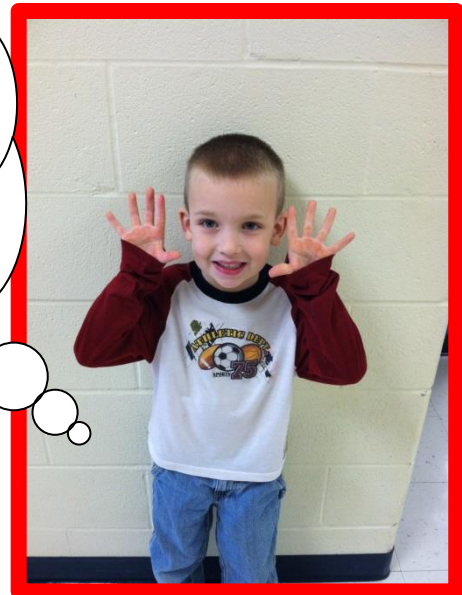

We had such a good time together!

Next week is our ice cream social and spirit week! Friday the 20th is school wide spirit day! Please wear RED to show school spirit!

Have a great weekend and Happy Father's Day to all you dads!

No "official" homework for the month of June. Continue reading and practicing sight words at home. Get outside and play! 😊
