

Kindergarten News from
Miss Bower's Class
June 6, 2014

Our Week!

This week we wrapped up our plant unit and finished tracking the growth of our plants. Some of our plants needed to be replanted but we are happy to report that all plants have started to sprout and grow! ☺

In math we have continued to learn strategies to solve word problems. We have focused a bit more on subtraction. We have learned more strategies that will help us, like drawing a picture, using a number line, and a tens frame.

Clifford may be coming home with some students during the week for one night. This is so that all students have a chance to bring him home twice!

Please do not forget to turn in paperwork on the end of the year celebration. I will be sending home donation requests next week! We are so excited to celebrate our year!

No "official" homework for the month of June. Continue reading and practicing sight words at home. Get outside and play! ☺

Clifford is going home with, Leah!

Some of the Great Read Alouds from this Week!

The Giving Tree– Shel Silverstein

The Magic School Bus Plants Seeds– Joanna Cole

Important Dates:

June 11 – Field Trip!

June 17 – Ice Cream Social! and Book Swap!

June 24 – Walking trip to the Hilton Library

June 25 – Fun Field Day

June 26 – Half Day—Last day of School!

If your child has a summer birthday and would like to celebrate with the class, please let me know a good date for you from now until June 20th! 😊

I have a few parents who have volunteered to run some events for our Fun Field Day. There is no rain date for this event. If it does rain, we will have classroom activities for the students to participate in. In the case of rain, parents will NOT need to volunteer. If you did volunteer, more information will be coming your way soon! 😊

Reading Group Books

With end of the year assessments, you may notice that your child is not coming home with as many books in their book bags. It is important, though, to continue reading at home and practicing sight words in order for students to maintain the skills they have learned this year! 😊
